

Five Important Reasons why you should hire a LICA Contractor!

1 Hiring a LICA member means you're hiring an experienced professional dedicated to conservation of soil, water and delivering skillful professional services.

2 Every LICA contractor member receives a comprehensive safety program that includes safety tips, equipment and job-site inspection guidelines. So they can perform their services safely and efficiently.

3 LICA contractors have access to the newest industry technology due to our close relationship with industry leaders. With annually scheduled field days the LICA contractor learns of new products, practices and state-of-the-art equipment available.

4 Both on a state and national level, educational seminars are held periodically for contractors and their employees to keep them abreast of new laws and regulations and innovative techniques.

5 Hiring a LICA member means you are hiring an experienced skilled contractor capable of carrying out the most difficult projects.

Why Hire a LICA Contractor?

Land Improvement Contractors
of America

A Brief History of LICA

The Land Improvement Contractors of America is an organization of earth moving contractors who care about the environment. Concerned contractors who worked to conserve the land and water resources started LICA in 1950. Today we have members and state chapters coast to coast. Their conservation ethic has continued to be and will continue to be the hallmark of LICA.

For over fifty years, LICA contractors have paved the way for our country's growth and expansion. Our contractors provide a wide range of services: grading, excavating, drainage, landscaping, paving, wetland development and site preparation just to name a few. They work in cities, on farms, ranches and in rural areas. They work with dedication and commitment to the professional conservation of soil and water. You should always choose a LICA Contractor, for all your construction needs. Look for the familiar LICA triangle proudly displayed on our equipment.

LICA contractors strive to improve the business climate by working for better legislation and regulations, and keeping abreast of the current changes impacting their business, and providing training in the latest technology.

LICA Objectives

The aim of the Association is to encourage high standards of workmanship in resource management, land improvement practices and to promote enterprises in the area of land improvement contracting. This association of contractors brings together people having similar interests and opportunities for improving our natural resources with an adequate profit.

LICA contractors have been performing the following services for over fifty years...

Open Ditch Work

Earthmoving

On Site Waste Treatment

Erosion Control

Paving

Excavating

Ponds and Dams

Grading

Reclamation

Hardscaping

Septic Systems

Irrigation

Trucking and Hauling

Land Clearing

Terraces and Waterways

Landscaping

Underground Utilities

Land Leveling

Drainage

LICA'S MISSION STATEMENT

To promote, perpetuate and improve the proper use of our renewable natural resources for the benefit of all.

LICA'S CREED

*Land, the foundation of the Nation,
The basis of all wealth,
The heritage of the wise,
The thrifty and the prudent,
The poor man's joy and comfort,
The silent partner of man,
The producer of food, fiber and fuel,
The basis of factories,
The foundation of banks.
All that man builds is from the land.
We often take it for granted,
Or even abuse it, and yet many
Unthinkingly and unknowingly
Pass the land by.
What man finally does with the
Land will be the deciding factor
Of his survival.*
