

LICA Small Group Health Plan with as few as 2 Covered Employees!

*We have heard from smaller businesses across the country saying they need help,
and we are pleased to have the solution offered through LICA.*

Lifestyle Health Plans is pleased to offer the membership of the Land Improvement Contractors of America a special enrollment period into the Associations Health Plan. The standard rules regarding the health plan limits participation in the plan to a four employee covered lives minimum. Lifestyle is allowing a special enrollment date of Oct 1, 2017 for all small companies with as few as 2 covered employees.

These small employers will still need to go through our standard underwriting requirements. During underwriting the groups will be placed into their special LICA pricing tier. To make this offering available to the smaller member company's of the association we will be requiring a minimum of ten member company's to take advantage of this opportunity.

Please contact your local independent insurance agent that is licensed with Lifestyle Health Plans.
