

# Residential Septic Service Plans

Available only through LICA Contractors

LICA Contractors have the opportunity to sell the Residential Septic Service Plans. It protects new and existing septic systems, tanks, distribution boxes, leaching lines, inlets and outlets.

## Benefits to the LICA Contractor

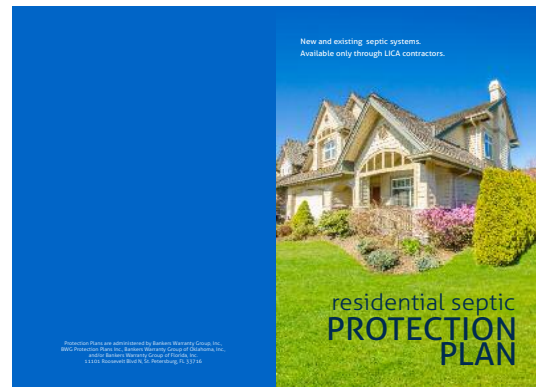

1. The LICA Contractor will **receive \$50** for each Service Contract sold from National LICA. Every year the contract is renewed the contractor will continue to receive \$50.
2. The LICA Contractor will conduct an **inspection** prior to the Service Contract approval at the customer's expense.
3. The LICA Contractor will be paid by the customer for **pumping** (when applicable).
4. At **no cost** to the contractor National LICA will provide a customized webpage. The consumer will use the webpage to purchase the Service Contract and for additional information.

5. If repairs are required after the Service Contract is in effect the approved estimate of the claim will be paid to the LICA Contractor by Bankers, up to \$10,000. Repairs must be in compliance with the Service Contract.
6. The LICA Contractor will be able to increase their customer base by offering the Septic Service Contract to both new and previous qualifying customers.
7. National LICA or the LICA State Chapter will provide Septic Service Contracts, promotional and sales material to the participating LICA Contractor.
